Scope of Work:

Bridge and roadway paving contracts. This work may be performed at the following Port Authority Facilities:

- Holland Tunnel and Staten Island Bridges
- Lincoln Tunnel and Port Authority Bus Terminal
- George Washington Bridge and George Washington Bridge Bus Station

The work required to be performed includes, but is not limited to:

1. Provide labor, material and equipment to mill and pave existing asphalt and/or concrete pavements on grade, suspended concrete and steel deck.
2. Pave with heavy-duty paving mixes (i.e. Superpave) and asphalt additives such as Rosphalt.
3. Furnish and install waterproofing membranes.
4. Furnish and install lane striping, markers and reflectors.
5. Furnish, install and remove maintenance and protection of traffic material.
6. Work within restricted work hours, including weekends and follow staging requirements.
7. Maintain roadways fully operational during peak traffic periods.

Qualification of Firms will be on a rolling, ongoing basis. It is anticipated that the bid document(s) will be available to pre-qualified bidders on call-in basis as needed. In order to pre-qualify for the above projects, all participating firms must execute the Terms of Discussion and submit the Contractor's Qualification Statement with their RTQ submittal package.
