

PATH CUSTOMER ADVISORY

Grove Street Station Vertical Platform Lift Instructions

- Step 1** View the video screen to see if the Vertical Platform Lift is in use. If it is in use, wait until the lift is available.
- Step 2** If the lift is on your level, push the button to open the door. If it is not on your level, push and hold button to recall the lift. ***You must continually hold the button until the lift arrives.*** When it arrives, release the button and the door will open.
- Step 3** After boarding, push and continue holding the up or down button until the lift reaches its destination. ***If you release the button, the lift will stop moving.***
- Step 4** Upon reaching your destination, release the button and the door will automatically open.

FOR HELP, PLEASE USE THE PASSENGER ASSISTANCE PHONE LOCATED NEAR THE VERTICAL PLATFORM LIFT.

IMPORTANT

Keep the button pressed to put the lift in motion.

Releasing the button stops the lift.
